## UP TO PROBERS TO HUNT PROOF, MOORE AVERS

Governor Cox's Spokesman Declares He Can Prove Nominee's Charge.

## COMMITTEE TAKES REST

Adjournment Is Taken Until Tuesday After Moore Is Held Off.

Chicago.—The senate campaign fund investigating committee adjourned today until next Tuesday when the hearings will be resumed in Chicago. This action was taken after the republican members objected to putting E. H. Moore, Governor Cox's representative, on the stand today on the ground that some of them had not been engaged over the weekend. "The senate investigating committee can either dig up the proof of Governor Cox's charges or it can leave matters so that Truman Newberry will have a lot of distinguished company," Moore, who arrived today to be Governor Cox's spokesman at the "slush fund" inquiry, stated while waiting for the committee to decide whether it would hear him or not. Moore indicated that if the senate committee does not produce and act on evidence of Governor Cox's charges, the evidence will be laid before the department of justice. Moore declared that "a professional money raiser" has been put in charge of collecting campaign funds. He named Henry M. Blair, assistant to Treasurer Fred W. Topham, of the republican national committee, as the "money raiser." Moore said that he was prepared to submit evidence that the republicans had a special money raising organization under direction of Blair and a number of regional directors who were told to raise \$16,000,000. "If the committee will call those regional directors they can find out the real quotas not only for states but for cities," said Moore. Moore's Upham testified that Georgia's quota was \$25,000. I am prepared to show that that sum was the quota of Atlanta alone and that it was all raised by June 14. I can name the man who raised it. He was so disgusted when Harding was nominated that he quit and said he wouldn't support the ticket."

Moore declared that the republicans had corrupted Lincoln's "government by the people" into "government by the people."

While Moore was talking to interviewers the committee was squabbling over taking his testimony. Republican members objected to putting him on the stand today.

Senator Spencer, of Missouri, republican, left Chicago last night and Senator Edgar said he had to depart this afternoon, thus leaving Kyrnon as the only republican and Reed and Pomeroy, democrats.

Kyrnon desires to get away tonight. The republicans charged the democrats with trying to put them in the position of refusing to hear vital evidence. They said it was unfair to put Moore on without the full republican membership of the committee present.

## GERMANY REFUSES TO GET IN NEW WAR

Foreign Minister Says Both Russia and Entente Has Requested Aid.

(By Carl D. Groat.)

By United Press Leased Wire  
Berlin.—Germany has refused proposals of both Russia and the entente to join in war against the other. Foreign Minister Simons declared today.

In outlining the government's policy regarding Russia to the committee on foreign affairs, Simons said he had been urged to collaborate with the bolsheviks against the entente and break the treaty of Versailles.

"After mature deliberation the proposals were rejected," said Simons.

The foreign minister caused a sensation by declaring Germany also had been urged to join the entente against Russia. This also was refused, he said.

"No power warms upon the soviet need come upon our support," the foreign minister said.

"We recognize that the soviet hold the reins of power in Russia and this forms a definite government."

Simons said that any attempt to cooperate with France or Poland against Russia would immediately plunge Germany into internal warfare. Likewise any attempt to cooperate with Russia would make Germany a battle ground, he said.

"We were unable to accept any such responsibility in view of Germany's defenselessness, whereupon it was decided a policy of neutrality would prove best," he declared.

## Age Is Secret

Court to Determine if Woman Is Obligated to State Her Age When She Registers to Vote.

By United Press Leased Wire  
Portland, Me.—The question of whether a woman has a right to the one secret she is sure to keep—her age—may be determined by the courts here.

Mrs. Ernest Holman, wife of a prominent Portland citizen, was denied the right to register for the September state elections because she refused to give her age.

This incident may be made a test case and the courts called upon to decide whether a woman must divulge her age in enrolling for an election.

## MEXICAN LEADER MAKING PROGRESS

Huerta's Address to Mexican Congress Reviews Work of Last Few Weeks.

(By Ralph H. Turner)  
By United Press Leased Wire  
Mexico City.—President De la Huerta to opening the first session of the new Mexican congress today emphasized the following conditions:

"Mexico's potential oil production is twice that of the United States and the Mexican government is doing everything possible to develop that industry."

"Commercial treaties with other nations are being studied, preparatory to revising them to meet post war conditions."

"Extradition treaties with other countries are in effect for the first time in ten years."

The government is now able to guarantee the lives and property of foreign citizens."

"The question of indemnities is being studied with a view to amicable settlement of all such claims."

Although a few bandits are at large all important rebels have been subdued and the federal army greatly reduced. Both domestic and foreign business has greatly increased under the present administration."

De la Huerta's address was regarded as having particular significance because recent elections gave him a majority in congress for the first time since he assumed office.

## STATE FAIR BREAKING ALL ATTENDANCE MARKS

By United Press Leased Wire  
Milwaukee.—Thousands of Milwaukeeans are expected to attend the Wisconsin state fair today.—Milwaukee day.

Many local stores are to close in accordance with the half holiday proclamation by Mayor Hoan, who will be a special guest at the fair.

Yesterday—Governor's day—at the fair, saw 58,359 persons pass through the turnstiles, as compared with 23,045 last year. The first three days of the 1920 fair drew 154,179 persons as compared with 107,723 for the first three days of 1919. Gov. E. L. Phillips and United States Senator Irvine Lenroot spoke at the fair grounds yesterday.

## JAPS COME HERE TO LEARN HOW TO FIGHT GOUGERS

By United Press Leased Wire  
Chicago.—Japanese profiteers have a sorry day coming, according to Tetsu Ito, Tokyo, who visited the district attorney's office here today.

Ito, a member of the ministry of justice in Japan, said he is collecting data on the methods of American procedure against profiteers in order that a campaign planned for this fall may succeed. He spent several hours examining records in profiteering cases here.

## BRITISH MINERS MEET TO FIX DATE FOR STRIKE

By United Press Leased Wire  
London.—Officials of the miners' federation went into conference today to plan the next move in the threatened strike. It was believed a decision would be reached on the exact date when the men will be ordered out.

If the strike is permitted to go through, according to some union officials, the miners' demands will be greater than now, complete nationalization being made the issue.

## FEAR SUFFRAGE ROW MAY SPOIL NEXT ELECTION

Government Officials Want Early Decision on Tennessee Tangle.

## WANT CONNECTICUT TO ACT

Ratification by Another State Before November Will End Squabble.

By United Press Leased Wire  
Washington.—The possibility of the Tennessee suffrage tangle dragging results of the fall election through the courts and into the house of representatives, has been recognized by high government officials and ways to meet it are being considered, it was learned today.

In their efforts to avoid such an event, officials here confidently expect to have the help of republican leaders although such aid has not as yet been asked or offered so far as known.

The possibility of the elections going into the courts and congress arises out of constitutional provisions that a candidate must have a majority in the electoral college to secure his election. If courts should declare, after the elections had occurred, that the Tennessee ratification of suffrage was illegal all women's votes cast under authority of the 19th amendment also would be illegal and there would be nothing to do but throw out the whole vote of states where such illegal voting had occurred.

Thus no rdnaaistefqo-aamegtz-ae. Thus no candidate would have a majority of the electors and the house of representatives would elect the president.

Officials here see two ways of avoiding this.

**Court May Act**

The first way is to get the matter settled by a decision of the federal supreme court before election. The court does not meet until October 2 and the elections are November 2, giving the court less than a month to act.

Further, none of the suffrage cases are yet formally before it.

The second way is to get ratification by a thirty-seventh state. Connecticut now offers the most likely chance for such a move as this to succeed. Suffrage leaders are continuing efforts on Connecticut.

Republican leaders, it was believed here, can aid suffrage in Connecticut since the state is republican. They are expected to do so when the legislature meets in special session. The Alabama legislature also meets in October, according to word here, but the chances for suffrage there are deemed slim.

The last election thrown into the house was the Hayes-Tilden contest. The first election of Thomas Jefferson was also made by the house, Aaron Burr being his closest rival.

## WOMEN BARGAIN HUNTERS ROUT SQUAD OF POLICE

By United Press Leased Wire  
Chicago.—Enterprise on the part of the White Eagle Furniture company nearly wrecked its store, started a riot and finally brought a squad of police who beat a hasty retreat in front of 1,500 women bargain hunters.

The company advertised brooms worth "75 cents" for "one cent each." Fifteen hundred housewives responded.

Michael Wiczorkowski, owner of a rival establishment across the street, said when he saw the crowd he bought 2,500 pennies which he scattered among the bargain hunters.

All the housewives tried to get the same pennies. Police were called but they only had short night sticks and the housewives had brooms.

## SEA STORM DRIVES STEAMER ON SHORE

Honolulu.—A typhoon centering around the Philippine Islands, was reported in dispatches received here today.

A United States shipping board steamer from New York with a cargo of oil from the Standard Oil company, was driven ashore near Manila during the storm.

The United States naval station at Cavite was unroofed and badly damaged.

No reports were received of loss of life.

Reports here stated that the shipping board steamer was the Eastern Marina.

## GROESBECK AND FERRIS HEAD MICHIGAN TICKETS

By United Press Leased Wire  
Detroit.—Practically complete returns from Tuesday's gubernatorial primaries indicated the state ticket will be:

Governor—Republican, A. J. Groesbeck, present attorney general, and democratic former Gov. W. N. Ferris.

Lieutenant governor—Republican, Thomas Reid, and democratic, Guy M. Wilson.

## One Man Rule Scored By Harding In Talk To Cubs

Marion, Ohio.—"You can't win a ball game with a one man team," declared Senator Warren G. Harding, drawing an analogy between government and baseball in a speech to the Chicago Cubs from his front porch here today.

Harding scored the Wilson administration, declaring "it muffed disastrously in our domestic affairs and then struck out at Paris."

"No one can dispute the American team played badly when it got on a foreign soil," he added.

There was a meeting of league of states where they sought to change the rules. The contending team tried to squeeze play and expected to score six to one against the United States, but the American senate was ready with the ball at the plate and we are still flying our pennant which we won at home and hold, respected through, out the world.

"As a spokesman for the republican party, I am urging team play in government on the home grounds, with all the home fans behind us, and team play in government on the home grounds, with all the home fans behind us, and team play when we represent America in the all-the-world series. There are too many men batting above 300 to rely on the one hitters," he said during the day.

On the heels of the Cubs in a special car from Chicago came a dozen heads of educational associations representing 700,000 school teachers.

Senator Knox, Pennsylvania, is expected to arrive from Chicago today.

The teachers were headed by W. T. McCoy, of the Chicago school committee, William D. Owen, of the National Educational League, and C. B. Stillman, president of the American Federation of Teachers, and E. C. Moore, president of the Illinois State Teachers' association.

Harding came out flatly today for throwing the strength of the government behind the American merchant marine through subsidiaries or other means.

## COLONEL ADMITS KIDNAPING; FIRED

Provost Marshal of Galveston Police Is Relieved From Command.

By United Press Leased Wire  
Galveston, Tex.—Col. Billie Mayfield, provost marshal of the Galveston military zone, was relieved of his command today following his statement assuming responsibility for the attempted "arrest" of G. V. Sanders, editor of the Houston Press, Monday night, Brig. Gen. Wolters announced.

The Press had been active in the longshoremen's strike in Galveston and had opposed establishment of martial law.

Captain O'Brien Stevens, formerly provost judge of the Galveston area, has been appointed provost marshal. Mayfield's removal was ordered by Gov. Hobby. Mayfield assumed responsibility when Hobby ordered the three lieutenants who tried to arrest Sanders at the Houston country club Monday night tried by court martial. Brig. Gen. J. F. Wolters, in announcing the removal of Mayfield, declared he would refuse to give the three lieutenants to civil authorities of Houston on warrants charging them with unlawful detention of Sanders.

## PRINT PAPER JUMPS ANOTHER \$15 A TON

New York.—An increase of \$15 a ton in print paper prices was announced by the International Paper company in its scale for the fourth quarter of the current year. The price for the current quarter was \$15 a ton and the increase as announced will make the price \$150 a ton for roll newsprint in carload lots, f.o.b. mill.

Contract prices for new print are adjusted each quarter by the International.

## WOMAN IS CHARGED WITH MURDERING HER HUSBAND

Bridgeport, Connecticut.—The charge against Elwood R. Wade, John E. Johnson and Mrs. Ethel Nett, of breach of the peace, was formally changed to that of first degree murder when their case came up in city court today. The three were held in connection with the death of George E. Nett whose mutilated body was found jammed into a trunk partly buried in a swamp near here late Monday night.

## RENEW HOPE FOR MAYOR'S RELEASE

Hunger Striker Is Able to Shave Himself After Starving Twenty Days.

By United Press Leased Wire  
London.—The announcement that Lord Mayor MacSwiney may live a week or ten days longer, together with the unusual interest being shown in his case by government physicians, led to renewed hope by his friends today that he would be released.

The condition of the lord mayor, on the twentieth day of his hunger strike in Brixton prison, was reported unchanged. His wife was absent from his bedside last night for the first time this week. Other relatives remained with him.

MacSwiney was said to have shaved himself yesterday, though he was very weak.

According to a dispatch from Dublin, Chief Secretary Greenwood reiterated yesterday that MacSwiney would not be released.

## Candidate Protests

Chicago, Ill.—An American protest against permitting Terence MacSwiney to starve himself to death was displayed prominently in Chicago today by Parley B. Christensen, farmer-labor candidate for the presidency.

"You have appalled the thinking world by your callous indifference to the death throes of the heroic lord mayor of Cork. His admirable fortitude and bravery should convince you of the pitiful impotence of military might when marshalled against the spirit of liberty and justice. I urge you in the name of countless American freedom to remove the mask of pretended legality and spare the life of this proven patriot. The slayers of Joan of Arc had excuses such as yours, and so, too, did the executioners of Robert Emmet and the hanged men of Nathan Hale. If the lord mayor of Cork is not a tyrant, prove it by freeing Terence MacSwiney and withdrawing your murderous army from the soil of the Irish republic."

## DULUTH RIOTERS FATE IS WITH JURY

One of the Men Said to Be Implicated in Duluth Riot Is on Trial.

By United Press Leased Wire  
Duluth, Minn.—The case against Henry Stephenson, 24, one of the twenty-one men held on charges of murder and rioting in connection with the lynching of three negroes here last June was expected to go to the jury late today. Evidence in the case was practically completed at noon today. The judge's instructions to the jury were expected to be lengthy.

Attorneys defending Stephenson pin their hope for a verdict upon the testimony of seven witnesses tried in an alibi for Stephenson on night of the lynching. Three of the principal witnesses for the prosecution have repudiated a statement alleged to have been made in the county attorney's office shortly after the lynching.

Among them was a man and his wife who were alleged to have said Stephenson became separated from them and was lost in mob. They testified in court, however, that Stephenson was not away from them for more than fifteen minutes at any one time during the evening.

**Fair Visitor Robbed**

Milwaukee.—William Lenke, a La Crosse, Wis., businessman, a visitor to the state fair here, was beaten unconscious and robbed of \$100 and a watch by an unknown assailant here last night.

## COX STARTS ON RECORD STUMP SPEAKING TOUR

Democratic Candidate Will Visit Twenty States on Western Trip.

## READY TO MEET PROBERS

Nominee Resents Charge That Speaking Tour Will Cost \$100,000.

By United Press Leased Wire  
Columbus, Ohio.—"The time has come when more good old fashioned farmers must have their feet under the table when important national policies are determined," Governor James M. Cox declared here today in addressing representatives of the national board of farm organizations.

The governor stated the farmers were not only entitled to greater representation but that the public interest demands it. He pledged that "farmers" will appear on the federal reserve board, the tariff and the interstate commerce commissions, if he is elected.

**Starts On Tour**

Cox tonight is to begin the most extensive stump tour ever undertaken by a presidential candidate.

Starting on his big "roving around the circuit" just a year to the day after President Wilson made his nationwide tour in the hope of obtaining ratification of the peace treaty, the democratic candidate with his pledge that the United States shall enter the league of nations, will wage his battle in every state west of the Mississippi river except Arkansas, Texas and Louisiana.

His first speech will be in Lansing, Mich., tomorrow.

Twenty states will be invaded by the governor on his western tour. When this tour is complete, Cox will have spoken in all states except the south, Illinois, New Jersey, Maryland and New England.

**Costs \$25,000**

Answering an intimation of Senator Kyrnon at the senate campaign expenditures hearing yesterday to the effect that his western tour will cost \$100,000, Cox said today that the total cost as estimated by Senator Harrison, of the speakers' bureau is \$25,000, part of which will be charged to accompanying press representatives, all of whom pay their own expenses.

Ed. H. Moore, Cox convention manager, is now at the senate campaign committee hearing yesterday to the effect that his western tour will cost \$100,000, Cox said today that the total cost as estimated by Senator Harrison, of the speakers' bureau is \$25,000, part of which will be charged to accompanying press representatives, all of whom pay their own expenses.

## FARMER LEADERS REJECT GIGANTIC WHEAT POOL

By United Press Leased Wire  
Columbus, Ohio.—The national board of farm organizations here today voted disapproval of a resolution designed to have farmers take over 2,500 cooperative elevators throughout the country and form a gigantic wheat pool.

A committee from the board today will see Governor Cox to ascertain his views on agriculture problems and will see Senator Harding at Marion Friday.

## GIVE HOWATT TIME TO APPEAL TO HIGH COURT

By United Press Leased Wire  
Topeka, Kan.—The Kansas supreme court today granted a ten day stay of execution in the contempt case of Alexander Howatt to give the head of the Kansas coal miners a chance to appeal to the United States supreme court.

The court, yesterday denied Howatt a rehearing on his sentence to jail for contempt of court.

## 8 PERSONS HURT WHEN CAR GOES IN DITCH

(Special to Post-Crescent)  
Green Bay.—Eight persons were more or less seriously injured about midnight when an automobile owned by James Stathas, Green Bay, ran into a ditch between De Pere and this city. The injured were taken to a local hospital where it was said that all will be released within a day or two. Several women were in the car.

Other automobile parties coming after the accident are said to be responsible for a fire which totally destroyed the car as it lay in the ditch. The gasoline tank exploded, throwing flames in all directions.

## MINE TIE-UP IS MOST COMPLETE IN 20 YEARS

## MILWAUKEE LOOKS FOR LEAGUE TALK

Reception Committee Is Expected to Meet Tomorrow to Discuss Plans for League Talk.

By United Press Leased Wire  
Milwaukee.—The league of nations will be the chief topic to be discussed by Governor James M. Cox, democratic candidate for president, in his addresses to be delivered here Saturday, according to democratic leaders here today.

Cox will come here from Lansing, Michigan, where he will open his "roving around the circuit" tomorrow. A reception committee will meet Gov. Cox and his party in Chicago and will accompany the party to Milwaukee where they will arrive shortly after 11 o'clock Saturday morning. Cox will speak at West Allis at noon, and take luncheon in the club rooms of the Allis Chalmers company there. He will speak at the Wisconsin state fair grounds at 1:30 and will visit the Milwaukee press club late in the afternoon.

In the evening he will be tendered a banquet at the Milwaukee Athletic club, after a short address at the Plankinton arcade. Following the banquet he will speak on "Fraternalism" at the Elks concert at the Milwaukee auditorium. Efforts are being made to persuade Gov. Cox to spend Sunday in Milwaukee and leave for the Minnesota state fair at St. Paul Sunday night or early Monday morning.

## REDS DEFEATED IN NEW POLISH DRIVE

Warsaw Message Tells of New Successes—Soviets Are More Active.

By United Press Leased Wire  
Paris.—The Poles, resuming their attacks on the northern front, have administered a heavy defeat to the Russians and reached the Lithuanian frontier, according to official advices received by the French war office from Warsaw today.

"Polish forces have occupied the important city of Suwalki, 150 miles northwest of Grodno and Sejny (on the Lithuanian front 115 miles east of Suwalki)" the statement said.

"We have heavily defeated the Russian columns on this front and are pursuing them in the region of Grodno."

**Reds Take Initiative**

London.—Further indications of the intention of the bolsheviks to take the initiative in all military operations were seen in the report today that the soviet government had decreed a general mobilization of all Russians between the ages of 18 and 50.

This information was received from Polish sources and followed closely the defeat of General Wrangel in south Russia and a renewal of bolshevik attacks on the Polish front.

There was a disposition to believe that, in the face of these conditions, the Poles would be more liberally inclined toward the Red peace proposals when negotiations are resumed in Riga next week.

## BELFAST RIOTERS ARE FACING FAMINE SPECTRE

By United Press Leased Wire  
Belfast.—The spectre of famine has been added to that of civil warfare as the result of transportation being paralyzed through continuation of rioting between Orangemen and Catholics.

Many laborers' homes were reported without food. Strong military reinforcements arrived yesterday but the fighting grew in scope and violence. The casualties were increased by four dead and fifty wounded, making the total since last week 15 dead and 250 wounded.

## ARMORED STREET CARS ON BROOKLYN STREETS

By United Press Leased Wire  
New York.—"Armored cars" of the Brooklyn Rapid Transit company were ordered sent out in large numbers today, in defiance of the strikers who are attempting to tie up surface transportation in that borough. These cars sheathed in wire screening as a safeguard against the missiles of strikers, moved through the streets at intervals, two policemen beside the motor man and one at the elbow of the conductor. They carried but few passengers.

## Strike Is Called by Insurgents Displeased With Wilson's Order.

## 45 COLLIERIES CLOSED

Union Officials Fear Strike Will Hold Up Work of Wage Commission.

By United Press Leased Wire  
Wilkes Barre, Pa.—Seventy thousand miners were called today as a result of the strike in the anthracite coal fields, officials estimated today.

The strike was called by insurgent leaders, dissatisfied with the wage award of President Wilson's anthracite commission. Forty-five collieries were closed. Throughout Lackawanna and Luzerne counties, where fifty thousand men normally are employed, the tie-up was declared the most complete since the strike twenty years ago.

Reports from the lower end of the anthracite region showed the strike of the insurgents threw out of work thousands who wanted to remain on the job.

Officials of the Lehigh and Wilkes Barre Coal company announced shortly after the opening hour today that seven of their collieries are idle. At Plymouth and Hazleton four mines started with about fifty per cent of the normal force. All other operations were halted. The Lehigh and Wilkes Barre Coal company is one of the largest in the anthracite region.

There were fourteen collieries of the Lehigh Valley Coal company idle.

**Trouble Is Feared**

The Delaware and Lackawanna company was able to operate one half of its sixteen collieries and about 12,000 miners were out of work. The Hudson Coal company operated on a fifty per cent basis. The Susquehanna Collieries company had ten idle collieries and only two at work.

Some of the smaller companies announced all of their mines were working. Officials admitted, however, production was down.

State troopers and local police authorities were holding reserve forces in case of an emergency.

Reports from the collieries indicated thousands of miners were remaining away from their jobs. This "vacation" was ordered at a meeting of insurgent miners yesterday. It has not the approval of the United Mine Workers of America.

## Wilson Optimistic

Washington, D. C.—Secretary Wilson, of the labor department, is hopeful that 70,000 insurgent anthracite coal miners now on "vacation" will be persuaded to return to work as a result of the meeting of the scale committee in Scranton, Pa.

Wilson has assurances, it was learned at his office, that the question of the insurgents' vacation will be discussed at the meeting between operators and officials of the United Mine Workers.

If the meeting fails to bring a settlement, government mediators will be sent into the anthracite fields.

Operators will refuse to sign the scale, it was reported unless the union officials can give assurance that all their men will go to work.

## Wage Commission Meets

Scranton, Pa.—The joint scale committee of the anthracite mine workers and operators met today to formulate a new contract, based on the report of the majority of the anthracite wage commission which report has already been approved by President Wilson.

One official of the United Mine Workers said the strike of insurgent miners in Wilkes Barre may hold up the work of the commission.

## Collieries Idle

Pottsville, Pa.—Every colliery in the southern anthracite district from Shamokin to Tremont and Lansford was idle today. Preparations were being made to hurry forces of machinery to many of the workings deserted by pump runners and firemen, left to the mercy of gas and water.

## PRESIDENT CONSIDERS POLISH REPLY TO NOTE

By United Press Leased Wire  
Washington, D. C.—President Wilson today is believed to be considering what action to take on Poland's answer to the American warning that Polish armies be kept within the eastern frontier in the war with soviet Russia.

Poland's reply is understood to have been sent to the White House late last night.

The president, it was reported, called for the note as it was about to be made public at the state department.

Poland is understood to have refused to abide by the American demand that the eastern boundary not be transgressed. Poland contends it would be strategically impossible to halt at this line and in this contention American military experts concur.

### PITCHING STARS BATTLE MONDAY

Stevenson and Schultz Will Clash at Grand Park on Labor Day.

Two of the best pitchers in the state will be pitted against each other at Grand park Monday afternoon when Hank Schultz, Appleton's spitball artist, stacks up against Lester Stevenson, the Oshkosh phenom who has had all the valley team batters standing on their heads. This battle will be worth going miles to see and no doubt the largest crowd of the season will pack the park when the umpire calls "Play ball."

Oshkosh is determined to win both games of the double bill and has gathered players from all over the middle west to strengthen its line-up. The team will start minus the services of Hodge, star shortstop of the league, who has been signed by the Milwaukee brewers. Manager Steckbauer has secured Loesch of Day City, Mich., to fill his place and is confident that the hole is securely plugged.

Brooks, who is running Harry Sylvestor a close race for batting honors in the league, will cavort in center field. Both men are determined to swell their batting averages and a slight edge in the two games will probably change their relative positions in the league batting standings.

### SCHOOL SITUATION TO BE COVERED IN REPORT

A tentative written report, outlining the entire situation in the First school district, was to be drawn up at a meeting of a sub-committee appointed for that purpose by Paul V. Cary, chairman of the first district school board. The committee was appointed Wednesday and includes the members of the board and H. W. Tuttle, Dr. H. K. Pratt, and Mrs. S. C. Shannon. The report of the sub-committee will be reported to the main committee of fifteen, which will present it in final form at the special electors' meeting September 15.

A. J. Cobban, candidate for secretary of state, visited here Tuesday.

## MEDICS MEET TO DISCUSS PLAGUE

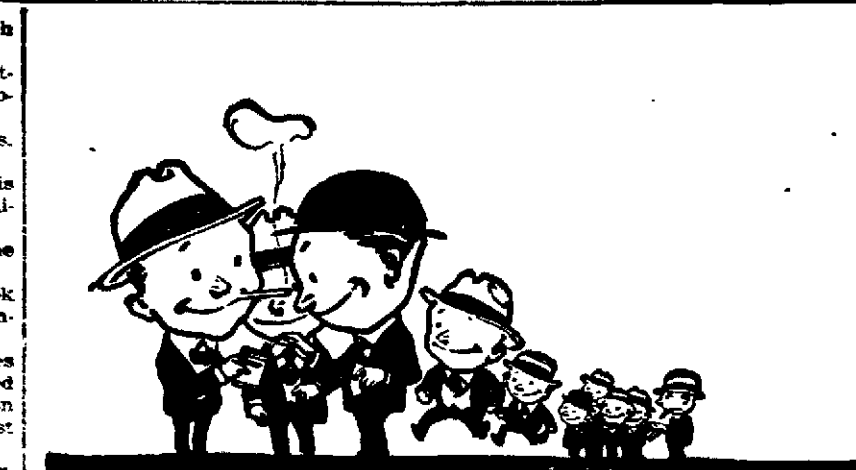

First of Conferences on Social Diseases to Be Held in December.

Madison, Wis.—The first of a series of regional health conferences authorized by the international health conference in Cannes will be held at Washington, D. C., Dec. 6-13, for consideration of venereal diseases, which are estimated to constitute one of the world's most terrible plagues.  
 The conference is being organized under the joint auspices of the U. S. interdepartmental social hygiene board, the U. S. public health service, the American Red Cross, and the American Social Hygiene association. Some of the foremost physicians and sociologists will participate. Prof. William H. Welch, John Hopkins, will preside.  
 The conference will review past experience and existing knowledge as to the causes, treatment and prevention of venereal diseases, and will formulate recommendations for a practical three-year program of such of the North and South American countries participating.  
 "The United States is in the front rank of the countries which have organized against the great red plague," said Surgeon General Hugh S. Cummings, of the U. S. public health service, "and a consideration of the various measures which have proved of value in different communities will undoubtedly contribute much to further progress in the countries represented at the conference. More than any other important communicable disease, the spread of the great red plague is inextricably bound up in a mass of social, economic, educational and recreational problems. The success thus far attending the campaign against the venereal diseases is due largely to the fact that this international has been recognized and that the campaign has enlisted the cooperation not only of physicians and sanitarians, but of sociologists, judges, probation officers, educators, the clergy and good citizens generally."

# Listen, good friends, and you shall hear why some Cigarettes are so all-fired dear

SOME cigarettes are packed in pretty boxes that certainly don't grow on trees. Next, they're dolled up—and flavorings are sure getting expensive. And then, they're priced a bit high so they'll seem "exclusive." But read how Spur Cigarettes offer the highest possible quality at the lowest possible price:

If there are any finer tobaccos from the Orient and the good old U. S. A. than those selected for Spurs, they must be a secret that the world has never heard. And when we got these combined in Spur Cigarettes, what do you suppose was the result? Just the best taste and aroma that any cigarette could give, and Willie Doll-up or Freddie Flavoring hadn't a thing to do with it.

Spur is "class" all through—even to the smart "brown-and-silver" package, triple-wrapped, that keeps Spurs fresh and fragrant. Try out a package of Spurs. You'll say "made and priced for popularity."

## KENOSHA SHERIFF REFUSES TO QUIT

Official Defies Governor Philipp Who Seeks to Remove Him From Office.

Kenosha—"I will not resign. They haven't got anything on me," declared Sheriff Meyer of Kenosha county Tuesday afternoon when he was informed by Deputy Sheriff W. J. Frazier that Gov. Phillips had announced his intention of asking Sheriff Meyer to resign.

The governor declared that if the sheriff refused to accede to his demand for a resignation, he would call for a hearing to remove him from office.

Now in Hospital

Sheriff Meyer is now at the St. Catherine's hospital in a serious condition. His physical condition, together with his alleged inability to care for the duties of the office are given as the cause for the governor's request.

Another woman was drawn into the investigation of the murder of Charles Pacini, when Chief of Police Owen O'Hara announced that he was searching for a Chicago woman who is said to have known Mr. Pacini.

Weak Old Woman

He declared that he wished to question her to see if she could throw any light on the mystery, announcement was made by Joseph Funk, administrator of the Pacini estate, on Tuesday that the theaters formerly operated by Pacini would be sold.

## THE RIGHT TICKET

It is impossible to believe that the people of Wisconsin desire to give R. M. La Follette two votes in the United States senate, yet that is precisely what the nomination and election of James Thompson, Non-Partisan league candidate, would mean. Mr. Thompson knows no political master but La Follette. He is in this campaign La Follette's mouthpiece, his pupil, his tool. If through some unfortunate miscarriage he should go to the senate he would in that body merely reflect the thought and purposes of La Follette. He would never cast a vote of his own, he would never voice an original idea.

Could anything be worse for Wisconsin's standing in the councils of the nation, or for its influence and prestige at Washington, than to double Mr. La Follette's vote in the senate? Mr. La Follette has no influence at the nation's capital, either in or out of congress. He has no real influence anywhere in the Union outside of Wisconsin. He has no influence in the Republican party, nor has he any claim to membership in that party. Mr. La Follette belongs to the Committee of Forty-Eight, to the Non-Partisan League or some similar organization of radicals. He virtually bolted the Republican convention in Chicago, and his personal platform is as much at variance with the Republican platform as any Democratic platform ever written.

The nomination of Thompson for the La Follette junior senatorship and the nomination of Blaine for governor would mean that the Republican party in Wisconsin had ceased to exist. It would mean the substitution of the Non-Partisan league in its place. If that situation and issue were to be created by the primary next week, it is a moral certainty the able candidate for the senate selected by the Democrats would be elected senator, as well as the nominee of that party for governor. What self-respecting Republicans there were left would surely combine with the Democrats to save Wisconsin from the calamity of turning its government and its representation in the senate over to the Non-Partisan league and the worst radicalism that has ever threatened this state.

But it would be a preposterous thing for the Republicans to permit the nomination in their name of the Non-Partisan league candidates for senator and governor. Thompson and Blaine. They have a candidate of their own in the person of Senator Lenroot, a man who, following long experience and service in the house, has risen in a short time to a position of commanding influence in the senate. Mr. Lenroot is a national figure and enjoys the confidence of the progressive people of the country, for he is essentially a progressive Republican. It is worth something to Wisconsin, and to the Republican party of Wisconsin, to have a man of his type, ability and standing at Washington. To replace him with James Thompson would be to replace him with a man who would be a nonentity in the senate, for no one can conceive of a man of Thompson's limited ability ever rising to eminence in that body. It would also be throwing away both of Wisconsin's votes in the senate instead of one.

Wisconsin could not afford to do this, and it will not do this, for if Lenroot should not be returned Paul Reinsch will surely be elected. But Wisconsin needs Lenroot in the senate at this time. A measure of tremendous importance to Wisconsin and all the Northwest is soon to come before congress, the great St. Lawrence waterway project, which is to link the Great Lakes with the Atlantic ocean, make world ports of their cities and

give our western empire direct access to world markets. Mr. Lenroot is the foremost spokesman at Washington for this invaluable improvement, of vital interest to millions of people and to industry, agriculture and commerce. He is leading a splendid and winning fight for its authorization. His prestige will go a long way toward carrying it through to a successful conclusion. He can and will do more than any other one man in the senate to make this undertaking an early and assured fact. Only the greatest possible political stupidity on the part of Wisconsin would countenance his removal from the senate, or his displacement by a man like James Thompson, candidate of the Non-Partisan league.

And let us not forget the governorship. Vital things are at stake in this contest. The Republicans have several good men running for governor, but only one can be nominated and possibly none, Mr. Tittmore, Mr. Hull, Mr. Seaman, are all good men. Mr. Tittmore has in particular rendered valuable service in forcing attention upon the Non-Partisan league menace. But the one Republican candidate that can really win is Senator Roy P. Wilcox, who has conducted a thorough and aggressive campaign and whose great run against Philipp two years ago proves his strength and his popularity. He is the man who can beat Blaine and rout the notorious Non-Partisan league to the oblivion to which Wisconsin ought and must consign it in this election. Lenroot and Wilcox, that is the good government Republican ticket, the solid American ticket, the right ticket, in Wisconsin.

## A REPUBLICAN PROTEST

It is a mistake to suppose that all the Republicans have fallen in line for senatorial policy and domination, for there are many indications to the contrary, including a notable article in the September Atlantic Monthly by ex-Governor McCall of Massachusetts, a Republican in good standing. Mr. McCall is so displeased with the attempted "encroachment of the senate" upon both the house and the president, and so impatient with the disposition of senators to regard themselves as "original negotiators of treaties," that he proposes, as a means of checking the senate's pretensions and mischief-making, the adoption of an amendment to the constitution transferring the power of ratifying treaties from the senate to the house.

Dismissing a proposition that is not likely to receive serious consideration, it is interesting to note some of Mr. McCall's further statements. He is able to see in the debate on the Versailles treaty only "the moral decadence" of the senate. A few of the speeches were of "real eloquence and analytical power," but in most of them "a cause of colossal importance" was "brought down to the level of the hustings." The moral tone of the debate as a whole "fell far below the sublime level of the theme" and the discussion was "too much disfigured by hate and marred by the raven's croaking note." Ex-Governor McCall, referring to oligarchy and oligarchs, gravely declares in this notable article that "the times are not now propitious for a few men to run the government and parties of the United States and to cherish the illusion that we are having popular government."

Mr. McCall must have the same feelings of regret and impatience over Senator Harding's attitude toward peace and the league of nations, which is quite on a par with that of the senate as a body. The men who are now trying to run the United States government are the senatorial clique out to beat the Versailles treaty and the peace league. With Harding they condemn the whole peace program and reject the entire league. They have parted company with McKinley, Roosevelt, Root, Taft, Hughes, Mr. Harding is seeking to define his course on the senatorial record made up by Knox, Lodge, Penrose, Borah, Johnson, all hopelessly at loggerheads over the extent to which their political machinations should go while the treaty was before the senate, and now united in a truce to elect a president. It is no wonder that Mr. McCall protests against the "moral decadence" of the senate and that he is moved to criticism of men who reduce to the level of cheap politics "a course of colossal importance."

## THE FLESH IS WEAK

Once, not so long ago, you and I had to learn the wisdom if not the necessity for a daily use of the tooth brush and the ceremony of washing behind our ears. We found these customs exceedingly repulsive, such instincts. But we had to adopt them and aside from the sanitary question involved, certainly it was good training, good discipline for us. Our teeth and our ears might have been preserved with out all the ceremony, were it not for the misuse we make of both in civilization; but the moral effect of the abhorrent morning wash and the time-consuming tooth brush was wholesome and healthful in that it instilled in us a certain regard for cleanliness. In these days physicians have comparatively little to say about auto-intoxication, but others with an eye to good profits and a great deal to say about it and practically all they say is rich humor, unless you happen to be a credulous soul. The title which these shrewd merchants of plausibility formerly gave the hypothetical state was "that tired feeling," but they have seized upon "auto-intoxication" as a more classy and impressive substitute. "Auto-intoxication" will probably keep many families guessing for at least ten years yet and by that time someone will have invented something new.

Most people have good health. That is they are not ailing enough to need the doctor. On a test they would pass about 70 or 75 per cent well. They seem content to ignore or neglect the thousand and one little minor complaints which keep them in the 70 per cent class.

Now and then an individual actually enjoys good health. In order to enjoy good health it is necessary to have good health plus. Anything from one to four plus.

There is this difference between just good health, of the seventy per cent sort, and health plus. When the individual with good health fetches up a symptom, such as that tired feeling, to occupy his idle moments, the individual with health plus works up instead a chuckle. The symptom and the chuckle both arise from the same place, down around the diaphragm. They are both fished out of the splanchnic pool, whereas the health plus chap has his blood all in circulation. It's a glorious feeling.

The seventy per cent has a lot of dignity. The health plus man or woman doesn't let dignity spoil the joy of living.

The seventy per cent variety of health is just heady, good fortune, the amount vouchsafed the citizen by the state and administered or controlled by the public health department. Health plus, however, is the kind you build up by your own personal effort. It can't be inherited, found or purchased. You want it. Sure. But the question is, is the flesh weak? It is acquired through regular daily exercise, about fifteen minutes. What do you say? I have the system. Anybody want to try it?

## QUESTIONS AND ANSWERS

**For Example:**  
Last week I wrote asking for your Karrell regimen and in reply you said I failed to give sufficient data. I am anxious to lose 20 pounds. I am 22 years old, 63 inches tall and weigh 146 pounds all dressed up. (E. R.)

**ANSWER:**—That is precisely why I sent you a "rejection slip." I don't want to advise any young woman to reduce when her proportions are so well perfect. Allowing that your clothes weigh eight pounds—which I know is a lot for ten to weigh these parlous times—your weight dressed in a complete or complete outfit would be 154 pounds. The perfectly proportioned woman happens to be 65 inches tall and weigh 125 pounds at the dangerous age of 35 years. I do not pretend to understand why young women blessed with so much pulchritude should yearn to convert themselves into fragile clothes racks, but whatever the reason, I refuse to be a party to the deed.

**Iodine and Goitre**  
Is iodine a good remedy for a goitre? How often should it be applied? If iodine is not a remedy could you suggest something better? (Miss E. N.)

**ANSWER:**—Goitres are of several types, requiring very different treatment. The chief types are simple goitres, a slight prominence or swelling of the thyroid gland (in front or beside the Adam's apple) common among girls ten to eighteen in some sections of the country; exophthalmic goitre, which may cause slight or unnoted enlargement of the thyroid but produces severe general disturbance such as nervousness, palpitation, rapid pulse, prominent eyeballs, tremor, loss of weight, fever or complete prostration, conditions not at all noticed in simple goitre; and third is cystic goitre, usually a very large, bunched, iodine internally not applied to the neck. A curative in simple goitre: it would be dangerous remedy to take, unless by your physician's personal direction. In exophthalmic goitre: it would probably have no influence of cystic goitre. In Dayton, Ohio, it was found that very minute doses of sodium iodide, administered dissolved in the drinking water, prevented simple goitre and cured many cases in young school children, both boys and girls. If two drams of sodium iodide be dissolved in a quart of boiled water, and a teaspoonful of this be administered to the boy or girl in a glassful or more of drinking water twice a day, for a period of six or eight weeks, it will probably cure simple goitre.

## TWENTY-FIVE YEARS AGO

Thursday, Sept. 5, 1895

The city was suffering from an epidemic of hay fever.

Miss Kittie Kutler returned from a visit with Pond du Lac friends.

A daughter was born Wednesday to Mr. and Mrs. Herman Winters of Mackville.

A plate glass front was being put in Louis Finnegan's barber shop.

Prof. F. E. McGovern returned from his camping expedition to Shawano Lake.

One hundred and fifty visiting Rebekahs from Seymour, Kaukauna, Neenah, Menasha, "Ashkosh," Madison, Stevens Point, and Wisconsin were entertained the night previous by the local lodge.

The council proceedings showed that the payroll of the city officers and police department was \$356 per month and that of the fire department, \$347.

N. C. Gritz received a telegram from Milwaukee announcing the death of his mother.

Louis Lehman was to give a moonlight dance at his resort on the river the following Saturday evening.

The residence of G. F. Arnold, corner of Appleton and Winnebago streets, was burglarized at three o'clock this afternoon. The burglar secured \$20 in cash besides several minor articles.

The Knights of Pythias were to resume active work on Sept. 5.

Creamery butter had advanced to twenty-two cents per pound.

Rudolph Schwartz was offering a fine souvenir clock with every \$15 purchase of clothing at his store.

The Post was made the official paper at the regular council meeting the night previous.

## DAYLIGHT SAVING ALSO SAVES COIN

Columbus, O.—Daylight saving has saved the state of Ohio \$455,827 last year, according to the report of the board of administration. This sum was saved on the electric light bills in state institutions.

# Expounding The Scenery

By Frederic J. Haskin.

Colorado Springs, Colo.—It used to be a strain on wind and limb to get over these mountains and see the most spectacular of the scenery, but nowadays the strain falls on the pocket book, the imagination and the ear drum.

All of these premises are applied by the highly organized and opulent gentlemen who conduct you in automobiles over the wilderness that gave so much of toil and danger to our forebears.

These conductors of sightseeing parties charge you a good, steep price, and in order to give you a money's worth, they literally throw in an unbroken stream of conversation. You see the Rock Mountains now in the same way you see Chinatown or Coney Island. But the mountains call for more imagination than the city. In the garden of the Gods, for example, which looks to the uninitiated beholder like a sort of celestial stone quarry, strewn with huge red monoliths, you are called upon to see canyons, porcupines, mushrooms, Indians and oriental architecture.

The Cave of the Winds has its own special guides and its own special admittance charge, adding another dollar to your trip ticket. Here the sightseers are collected and separated into small groups, each guide taking about a dozen persons through. Although the system is efficient, occasionally two or three guides and their parties get crowded into the same part of the cave at once, so that it is difficult to tell which part of the spiel you are supposed to be listening to. Is the particular formation you are looking at a battlement, or is it the elephant the other guide was talking about?

## A Little Luray

The Cave of the Winds is merely another Luray on a much smaller scale. It contains the same sort of stalactite and stalagmite ornamentation in the same beautiful rainbow color combinations. It lacks the small lakes, creeks and springs of Luray, but there is an opening through which drippings from the nearby cliff are supposed to flow—so slowly that they barely dampen the rocks. It is the slow flowing of this water over the iron, sulphur and copper deposits in the rocks that causes the forming of the stalagmites, according to the guide, who declared that it required one hundred years of this tedious process to form one inch of stalagmite. So the great days of the Cave of the Wind will be in the future.

As in the Virginia cave, desperate efforts have been made to find appropriate names for all the conspicuous formations. There is an inverted Frying Pan, a Pig's Head, a Miniature Battleship, and a large Slice of Breakfast Bacon. These are lighted up with electric lights carefully placed about the walls in containers resembling ordinary dustpans. If you are going in for the interpretation business, The floor of the cave is carpeted with a rubber covering, designed to keep the visitors from slipping, but every once in a while some careless persons disregard this protection and slide rapidly over the rocks. Bridges have been built at certain places to facilitate climbing, so that old ladies and babies can make the trip in safety and comfort.

"Our first visitors used to make the trip by ladders and torches," said the guide in explaining the various precautions, "but now you folks get it easy with electricity and stairs. This room we're in now is called Reception Hall, because the early visitors used to leave their visiting cards here. This," he announced, leading the way through a tall, wide portion of the cave, "is Lovers' Lane. Notice how easy it is to travel. On the right is the largest stalagmite in the cave, thirty-six inches long. We have to put it in a wire cage, not because it is dangerous, but to keep it from being broken off by tourists. Passing through this opening, we come to Diamond Hall. The diamonds are principally on the ceiling. This is the original home of the Shredded Wheat Biscuits, which you will see on the left. Also a group of Chestnut Burrs.

# THE QUESTION BOX

(Any reader can get the answer to any question by writing The Appleton Post-Crescent Information Bureau, Frederic J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The Bureau cannot give advice on legal, medical, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on the subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. Will you tell me what the emblem on the new dime represents?

N. N. M.

A. The designs on the new dime are fables. In Rome, this bundle of rods, having among them an axe with the blade projecting, was borne before magistrates as a badge of authority.

Q. Which are considered the greatest potato producing states? A. H. R.

A. New York, Michigan, Wisconsin, Minnesota, Pennsylvania and Maine head the list for potato production in the order named.

Q. Was it necessary for the Government to advertise for black war materials in the needed gun works and airplane materials during the war? G. L.

A. While the Government did advertise for this wood, this was found unnecessary. Walnut is not as plentiful as such woods as oak or even hickory and ash, but it is plentiful enough to supply the world with an average annual cut of fifty million feet of lumber. This production was maintained for many years prior to the war, most of the wood going abroad. Since the war, very little has been sent out of this country. American industries now consuming walnut at the rate of fifty million feet a year.

Q. How many men went on the Lewis and Clark Expedition? J. L.

A. This expedition was led by President Jefferson to explore the Louisiana Purchase, but for a part of the trip, it was composed of men who were sent back with collecting reports, but two recruits were added making a party of 33 on the last day.

A Centipede can have its leg pulled and never know it

But just let somebody start in on you and the wrench will be felt thru' to your wallet.

But there's one consolation—nobody can pull your leg while you are walking around on it.

And if we were you this Fall and were going to buy new clothes, we would look around—compare values and variations—cuts and costs until we were absolutely sure that every dollar and desire had been satisfied.

We are willing to take our chances with competition, of selling you the most becoming suits you ever become heir to and this statement ought to tell you we are pretty sure of our values.

**A** pretty wedding was solemnized Thursday morning when Miss Magdalene Schmirer, sister of Mrs. Joseph Rankin, 521 Richmond street, became the bride of J. J. Heckle, son of Mr. and Mrs. John Heckle, 1403 College avenue. The ceremony was performed at St. Joseph church at 11:15 o'clock by the Father Joseph.

The couple was attended by Miss Gertrude Beck as bridesmaid and John Murphy as groomsmen.

The bride wore a navy blue suit of mode broadcloth trimmed with fur, with a hat of blue velvet and silver, and carried a Dutch bouquet of Ophelia roses.

Miss Beck wore a blue tricotette dress and a hat of blue velvet trimmed with gold. She carried a Dutch bouquet of roses.

The Rankin home was decorated with ferns and bridal roses. A wedding breakfast was served following the ceremony.

Mr. and Mrs. Heckle will take a short wedding trip to Chicago after which they will be at home at 1911 College Ave.

**THE BOOK OF ANN**

We Prepare for Any Emergency at the Political Rally

"A Midsummer Night's Dream" so that political rally in the Lorimer park might be a happy occasion for Chrys' artistic instinct, combined with her father's check book, achieved a veritable fairland upon which shone a glorious full moon. All the town, irrespective of political prejudices, attended the "get-together" affair. Since nobody was barred, Dad, Lorimer decided to have Morris, our detective friend, look after the guests and corners of the house and grounds.

Jim Junior arrived barely in time to preside as chairman of the evening's program. In fact, only his little wife had time to run down to the station to meet him. But all of his devoted relatives managed to collect at the big mansion to greet him shortly before the grounds were thrown open to the public.

And I had the satisfaction of giving him a grand sisterly hug, before Ann. It was a very sincere expression of my affection, too. Dear old Jim and I used to be trundled in adjacent baby cabs by our mothers; we have quarreled over the same block; and shared the same cookies. Next to my own Bob, I do not know a man whom I think of as tenderly as Brother Jim. I suppose I like him so well that no woman would make the right wife for him, in my eyes, unless it were Deborah Burns.

Just before I rushed home to don my ballet costume, Chrys invited me to make a tour of the grounds with a party of censors. Nobody had much to suggest. Had I been capable of a fresh idea, I was much too weary to put it into words. The arrangements seemed perfect to most of us, from the set fireworks pieces, placed so conspicuously, to the guard of plainclothes men concealed so carefully.

An original feature of the entertainment, which Chrys had arranged at great expense, was an exhibition of all the ways of balloting in use in this country since the first election. At

from Menasha. Silver loving cups will be awarded to the prize trotters. Silver and bronze medals will be given for second and third places respectively.

Appleton dancers who are eligible for the contest are the Misses H. Joslin and Edna Schultz, William Kargus, Carl La Fond, Frank J. Loea, Leo Assmus, Elmer Rehmer and Karl Ihde.

Grass stains often play havoc with white skirts and dresses. To remove a grass stain spread butter over the stain and lay in the sun. If the dress is a delicate color that will fade if exposed to the sun's direct rays, cover all the cloth except the stain with a piece of dark heavy cloth that will exclude the light. Watch the stain and remove the garment from the sun as soon as the stain disappears.

## FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—"When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and Liver Pills which I saw advertised in the papers and in your little book. I took about 12 bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can."—Mrs. R. E. DEXTER, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of your existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Moreover, this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extracts of the native roots and herbs which it contains.

BETTER GRADE OF MUSIC MAKES THE BIGGEST HIT HERE

F. H. Jebe, Band Director, Finds Real Appreciation for Good Music.

JAZZ LOS'NG POPULARITY

"Popular" Songs Are Popular Only for Short Time, Music Master Avers.

Appleton music lovers will find a new fall share of the music business. The fact that the city is now hard to find by the prominent departure from the better class of popular music is a movement among national women's club leaders to drive jazz music out of the country, and with it the so-called "trash" that creeps into the popular music market. It is such a thing as driving it out, then Appleton is accomplishing something. There is no whip-crash here, nor an attempt to rob the public of the music it wants, but the public taste is gradually being elevated through the influence of local musical leaders and organizations.

The series of concerts just completed by the Ninth Regiment band is one of the examples of good musical influence. The public has enjoyed a

OLD STYLE FIRE ESCAPES BANNED

Ladder Escapes Must Be Replaced by Regulation Stairways of Steel.

Ladder fire escapes are now illegal in Appleton, according to information received by Fire Chief McGilgan. The order banning this style of escape was issued before the war, but has been in general suspension since its issuance because of wartime steel shortage.

The steel market is now normal, though higher than at the time the order was issued, and there is a need for changing several ladder fire escapes in Appleton business districts to the regulation stairway variety.

According to Chief McGilgan, there are a number of buildings in Appleton which will have to change their fire escapes in the near future. This number does not include all, however, of those using the old style outlet. Whether a modern one is necessary depends upon inspection, and may be ordered by the chief upon an examination, subject only to the approval of the state inspector. Chief McGilgan has ordered no changes as yet, but he expects to do so soon.

known. The truth of this is shown when selections from "Il Trovatore" are used. These are on the public mind and always bring a good hand, here as in the European countries.

If grand opera were as popular as popular you would hear it whistled on every tongue and sung in every home. There can be a grand opera performance for 10 cents, but here the high prices keep the masses away. The people are therefore taught to like a different class of music," said Mr. Jebe.

"Only the good things in music can survive," said Mr. Jebe. "If we played programs composed entirely of jazz and light popular selections, we would soon cease to draw a large audience. People go to the theatre where they can hear the best music in connection with a show or a moving picture. Many of them openly tell you that it is the quality of the music that draws them. The majority here in Appleton demand a good program. We not only try to give them what they want, but what they should have."

Mr. Jebe has tried to instill a love of music into the hearts of the Appleton public. The programs used at the band concerts last winter contained brief paragraphs explaining something about each selection and its writer. This causes the public to regard it in a different light. Such pieces should be played oftener and explained home, he states. The schools can teach pupils to want better music by contributing knowledge about the origin of selections, interesting facts about them, and something about their composers.

Popular Songs Die Soon  
"Very few of the popular selections make a permanent hit," Mr. Jebe con-

WOULD REMEDY INHUMAN STEERAGE CONDITIONS

"Something ought to be done to improve conditions under which steerage passengers cross the ocean," said John J. Sherman, president of the Citizens National bank, who has just returned from Europe. "Their quarters are very unsanitary and quite uncomfortable."

Mr. Sherman made it a point to investigate conditions both going and coming. The lack of ventilation was one of the worst aspects. Many took their blankets and slept on the open decks nights when the weather would permit.

"I should think people who are trying to bring their friends and relatives here from Europe would try to avoid doing so unless they could afford better accommodations for them," he continued. "It is especially hard for women with children to travel in the steerage quarters. Much of the sea-sickness and other illness there could be avoided. If nothing else, the steamship companies could raise their rates so they could afford to give them better traveling accommodations."

continued. "If you look back over any season, you will recall many songs that came before the public. There will be only two or three that remain popular. This merely proves that the people's final desire is for the good things in music."

Pieces such as "I Like to Do It," "The Egyptian Riddle" and others of that class are not desirable because of their suggestive wording, and lack of sense. On the other hand, selections like the "Long, Long Trail," "Let the Rest of the World Go By," and any of the composition of Currier Jacobs-Bond, such as "I Love You Truly," "Perfect Day," and "Just a Wearyin' for You" are considered a wholesome collection of music. Some of the new ones issued by T. B. Harms, such as "I Might Be Your Once-In-A-While," and "The Love Nest," are fairly good.

HE SAYS BILLY SUNDAY'S BIG DAY IS GONE

Ashland, Wis.—After two years' work as pastor of the local Methodist church, the Rev. George E. Francombe has resigned. He will go to Waukegan, Ill., to take charge of a plan of interrelating community activities. The plan, which calls for cooperation of the Christian church, has been devised and is being copyrighted by him. It will be used in the United States and England.

"The old form of evangelism, such as that of Billy Sunday, is gone," he said on Tuesday. "and the church must appeal now to the intellect, not so much to the emotions."

He expects to leave on Wednesday for Waukegan.

TIME TO DITCH THE STRAW FOR A FELT

Local Merchants Avert Prices of Hats Have Not Gone Up Much.

Commencing Wednesday, the felt hat succeeded the panama. Any courageous non-conformist who wears a straw "bid" after the official closing of the season, is subject to the derision of the populace.

Closely pressing the resurgent felt for popularity is the cloth hat, which came into its own last spring. One local hatter, estimates that 29 per cent of his firm, total hat sales are of cloth coverings. Derbies sell but slowly.

Neither variety has gone up much in price, though this merchant finds that felts in general have gone up about \$1 over last year's prices. The cheapest good hat that can be secured now, costs about \$7.50, though poorer material may be secured for as low as \$5. Cloth hats are selling at \$4.50, \$5, and \$6.

Fall "fads" are of course in evidence, but less violently than is sometimes the case. The prevalent fad in hat styles is a narrower brim, well curled up around the edges. The fall style in caps gives them a liberal shape, very different from the tight and natty collegiate style sometimes popular.

The better quality hats are selling in greater numbers than usual. Reavers at \$16.50 are going steadily if not rapidly, and other hats ranging from \$12 to \$20 sell well.

SAGE AND SULPHUR DARKENS GRAY HAIR

IT'S GRANDMOTHER'S RECIPE TO RESTORE COLOR, GLOSS AND ATTRACTIVENESS

Almost everyone knows that Sage Tea and sulphur, properly compounded, brings back natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. adv.

SOME electric washers lift and dip the soiled fabrics in a tub of sudsy water. And it is a good method.

OTHER electric washers rock and toss the soiled fabrics to and fro in sudsy water. And it is a good method.

The A. B. C. Electric Laundress does both. Rapidly it alternates these good methods. And so it combines their advantages.

Two Good Washers in One

Alternately the soiled things are lifted, dipped, rocked, tossed, by the A B C Electric Laundress. Quietly and without a tremor, a patented springless mechanism accomplishes this dual agitating action that so gently loosens and so completely flushes out the dirt. Simple, sturdy, time-tried, built by pioneer makers and long endorsed by Good House-keeping Institute, this A B C Electric Laundress presents the advantages of two good washers in one, for the price of one!

## SENTIMENT FOR WILCOX GROWING

J. P. Frank Believes Republicans Must Unite on Eau Claire Man.

Sentiment for Roy P. Wilcox, candidate for republican nomination for governor, is growing in all parts of the state and especially in the Fox river valley, according to Attorney J. P. Frank who discussed the political problem recently with Wilcox campaign leaders.

Wilcox sentiment is growing stronger daily throughout the entire state. Mr. Frank told the committee, "I am immediately after the Madison conference there was some doubt as to who should be supported in order to defeat Mr. Blaine and the Non-Partisan League which nominated him. The feeling now is that we must unite on Wilcox in order to beat Blaine."

"I have just returned from a trip through some of the country districts in this section of the state and I find that in the villages and on the farms, the same feeling exists which I have heard expressed in the cities, that Wilcox is the man on whom we must concentrate."

"Throughout the Fox River Valley there is a very strong sentiment in favor of Wilcox, not only because of the fight that he has made against the Non-Partisan League, but because of the clean and fearless campaign he has waged. He will get a tremendous vote in Appleton, Green Bay, and all the Fox River Valley points."

## APPLETON WOMAN PICKED FOR BEAUTY

Mrs. Tondreau Selected as Maid in Waiting to Queen of Elk Carnival.

Mrs. Rosanna Fournier Tondreau, Winnebago street, has been selected as one of the maids in waiting to the queen of the Elks' carnival at Milwaukee, according to information received here yesterday. Mrs. Tondreau was selected as one of the most beautiful women in the state. She has not fully determined if she will attend the carnival, however.

Miss Ruth S. Foster of Milwaukee, was selected as queen of the carnival. She and her mother will be entertained at Hotel Pfister during the celebration.

Photographs of Wisconsin's most beautiful women were submitted to judges who selected the 25 prettiest and invited them to Milwaukee where the final selections were made. At least two Appleton young women were included in that 25, a splendid compliment to the beauty of this city's womanhood.

Other maids in waiting to the queen will be Miss Maxene O'Brien, Oaklawn, and Miss Leona Martin, Stevens Point. The maid of honor is to be Miss Nell Dvorle of Milwaukee, who gave Miss Foster a close race for selection as carnival queen.

Dozens of Appleton men will attend the carnival. Final arrangements for this city's participation were made at a meeting of the carnival committee of the Elks Wednesday evening.

## ALLEY PROBLEM AGAIN CONFRONTS COMMON COUNCIL

Changes in Routing of Two Alleys Are Suggested at Meeting Wednesday.

URGENT PLATOON SYSTEM

Firemen Want New System Installed—New Parking Place Suggested.

The alley problem came up again at the meeting of the common council Wednesday night and new suggestions were offered that would lessen the expense of widening them on the north side of College avenue between Superior and Appleton streets and Oneida and Morrison streets.

Attorney F. S. Bradford, representing the Pettibone-Peabody company, suggested that instead of condemning a portion of this company's annex on Appleton street, that the city take an easement for the use of the present driveway for a term of years.

He stated that the boilers were located in the basement of that part of the building which the city proposed to take and that such action would fork a hardship on the company as there was no other location to which they could be removed. He also called attention to the expense that would be involved.

Instead of widening the Oneida Morrison street alley direct from one street to the other it was suggested that the city widen it from Morrison street to the west line of lot 2 and then make a turn north to Washington street. This it was stated would not interfere with any buildings and would be less expensive to the city.

One of the aldermen inquired if it would not be advisable to follow out the plan recommended some time ago of making a crooked alley so as to avoid taking the south end of the Sherman house but this was opposed by Attorney Paul V. Currier, who represented the A. L. Smith estate. Mr. Currier favored the plan of running the alley out to Washington street. The suggestions of both attorneys were referred to the board of public works.

An effort is being made on the part of members of the fire department to have the city adopt the two platoon system which is in force in Milwaukee, LaCrosse and Superior. Under the present system they are required to be on duty from 72 to 96 hours each week which is in excess of the hours required of employees in other city departments. The employment of only two or three additional men would be required to make the change. Their petition was referred to the fire and water committee.

Alderman Laabs informed the council that the water tank at the intersection of Carver and Outagamie streets was demolished by an automobile and recommended that it be replaced. He also recommended that the city fair grounds be used for parking automobiles except on fair days.

**New Parking Places**  
The committee on streets and bridges recommended that the petitions for sewers on certain streets be granted, that the vacant property of the Lutheran Aid Society at the corner of College avenue and Superior street be used for parking automobiles; that "no parking" signs be placed at specified points on certain streets; and that the north end of Appleton street be widened.

The fire and water committee recommended that the petitions for water mains on South Division, Ryan and Harrison streets be granted. Alderman McGowan inquired if the owners of motor busses operating between Appleton and neighboring cities had taken

out license and was informed by the city clerk that they had called for information and that he had given them copies of the ordinance relating thereto.

**Hearing on Subway**

Theodore Berg, city attorney, reported that the Wisconsin Railroad commission was investigating the separation of grades at Second avenue crossing for the proposed new subway, and that a hearing would be held in the near future. A petition from H. A. Kampas asking permission to erect a clock in front of his place of business on College avenue was referred to the street committee. An invitation to participate in the parade on Labor day which was extended by Elmer Johnston, in behalf of the Trades and Labor Council, was accepted.

A communication from the United Association of Plumbers and Steam Fitters with reference to having the city represented at the national convention at St. Louis was placed on file. Applications for license to operate bluing alleys at the Y. M. C. A. and Elks club were granted. Bills amounting to \$23,650 were allowed.

## SHEEP RANCH BOYS RETURN TO HOMES

John Woehler and Harry Ahlquist, Appleton boys who have been on Judge G. Rosebush's sheep ranch this summer, returned Wednesday. They were accompanied by Stanley Wettergren of Rockford, Ill., Harvey Fisher of Sheboygan, and Harold Warrick of Maunton, Lawrence college students who are staying in Appleton over Thursday before leaving for their homes. The boys were located at Amasa, Mich., and were engaged in building fences and doing surveying work. They were about ten miles from the other group of workers, which includes a number of Appleton boys.

## CANDIDATES FILE EXPENSE ACCOUNT

Keller's Expenditures Lead All the Rest—Shannon Close Second.

L. Hugo Keller, democratic candidate for district attorney, expended the greatest sum of money, \$92.50, of any of the county candidates during the primary campaign, according to the county clerk, Harry A. Shannon, candidate for reelection as clerk of court, is second with an account of \$84.45 and V. R. Itule, also a candidate for Mr. Shannon's office, is third with an account of \$79.57.

The amounts filed by other candidates are: Democratic—John F. West, candidate for clerk of court, \$17.40; John Hantehell, clerk, no expense; Henry Seifert, treasurer, \$27.75; James E. McFadden, \$8.50. Republican candidates—A. G. Koch, candidate for reelection as register of deeds, no expense; Louis A. Peterson, candidate for reelection as treasurer, \$15.25; Edward Droeger, sheriff, \$29.75; Peter S. Schwartz, sheriff, \$35.50; Dr. H. E. Ellsworth, coroner, no expense; Mark Catlin, assembly, no expense.

## REACH COMPROMISE IN KILLEN-STRAIT CASE

Before Judge E. V. Werner, sitting in his chambers at the courthouse Wednesday, C. L. Marston, receiver of the Killen-Straight company and P. H. Martin of Green Bay, representing Mr. Strait, entered into compromise as to the claim filed by Mr. Strait against the Killen-Straight company.

The substance of the compromise is that Mr. Strait is to pay the receiver \$2,500 and the claim of Mr. Strait in the amount of \$17,000 is to be allowed and receive the same pro rata or share of the assets as the other creditors.

The receiver was ordered to make his report and file it and serve notice on the creditors for filing the date of the hearing.

## PLAN TRAINING COURSE FOR BOY SCOUTS HERE

A scoutmasters' training course for Appleton Boy Scouts was planned at a meeting of the committee on leadership and training of the boy scout council Wednesday evening with the scout executive. The purpose of the course will be the development of scout leaders here. R. R. Henderson was appointed to take charge. A pamphlet will be issued in the near future, outlining the course for interested scouts. A. R. Eads is chairman of the committee, which also includes W. S. Ford, Lee C. Rasey, the Rev. ### DEMPSEY IS BIG BETTING FAVORITE

Challenger's Most Optimistic Friends Do Not Look for Victory.

By United Press Local Wire.  
 Benton Harbor, Mich.—Benton Harbor's population, if taken by the census bureau today, would rank the place high among the lesser cities of the country.

The city has swollen with the addition of hundreds of fight fans, the first large arrivals of those who will see Champion Jack Dempsey in the first defense of his crown here Monday.

With the fans preparing for their part in the game set for Labor Day, the two fighters, Dempsey and his challenger, Billy Mike, were near the peak of their form. Both put in hard sessions yesterday, probably their last chance to extend themselves. It was expected the workouts today would be for nothing more than a loosening up of muscles.

Both fighters emerged from the training period with no serious hurts. Both Mike and Dempsey have been hard on sparring partners but that was expected.

It was evident today there will be no decision should the fight go ten rounds. Dempsey received a heavy favorite to win and even in Mike's camp there appeared no real belief that the challenger can put the champion out. A good showing against Dempsey would be a moral victory for Mike and a ten round draw would be reason for wild celebration by his friends.

**Detroit Leads Twice**  
 Philadelphia.—Philadelphia defeated Detroit twice on Wednesday, 3 to 1 and 11 to 4. Perkins' double drove in both local runs in the first game while Vanech's home run in the eighth scored for Detroit. Perry and Morrisette were both batted from the mound in the second game. With the score tied in the sixth, Dauss struck out the first two batters, then yielded six consecutive hits.

### KIMBERLY MAKES PLANS FOR PICNIC

Firemen's Contest to Feature Annual Kimberly-Clark Outing Monday.

Hundreds of employees of the Kimberly-Clark and Neenah Paper company mills at Neenah, Appleton, Kimberly and Niagara, will meet at Kimberly Monday for the annual outing of mill employees. The picnic grounds are located in Sunset Point park, the new addition to Kimberly village, about a half mile west of the Kimberly bridge.

The festivities will start in the morning at nine o'clock when the firemen's annual contest will be staged at the Kimberly mill. Teams representing Niagara, Neenah, Badger, Globe, Toluah, Atlas, Neenah Paper Co. and Kimberly mills will participate. There is considerable rivalry between these teams and each year the teams meet with an individual feeling of superiority.

Immediately following the firemen's contest, all those who desire will meet on the picnic grounds for dinner. The grounds are spacious and can accommodate a large crowd. Picnic tables have been erected for those who do not wish to sit on the ground. The committee in charge has arranged to serve coffee, milk and sugar free of charge to all bringing their lunch.

Contests of various kinds for men, women and children will start at one o'clock and continue until three. Women will compete in ball driving contests and potato races; boys will stage running races and pie eating contests while the "old" boys, fat and lean, will be provided with plenty of entertainment. The climax will be reached when a greased pig is liberated. The pig is to be retained by the person catching it.

The first annual baseball game between the Neenah Paper company and the Kimberly mill employees will be staged at three o'clock and this will be followed by water sports, including a log rolling contest, canoe race and tub race. A dancing pavilion has been erected and will be in use afternoon and evening. The Schell eight piece orchestra will furnish music.

Relieve the strain and steady your nerves with correct glasses.

### OHIO IS AGAIN IN LIMELIGHT

Cleveland and Cincinnati Teams Are Leading in Major Leagues.

(By L. R. Hanchard.)  
 By United Press Local Wire.  
 Chicago.—That rapid game of "September morn" must have been focused on a baseball bulletin board. Every September morn this fall apparently is due to see an important change in the baseball standings.

Today it was the Chicago White Sox who slipped from first to second place under the cruel ministrations of the Boston Red Sox yesterday. The Cleveland Indians out of their slump at last, from appearances, aided in the humiliation of the White Sox by again defeating Washington and stopping to the front of the league.

Ohio again led the nation in the baseball and political leagues. With Cleveland back at the top, the Indians find the Cincinnati Reds at the top of the National league. The Reds are the more firmly established possessing a two game lead over their nearest competitors while the Indians are a half game only to the better of the White Sox. The New York Yankees held third place in the American league, a bare distance of two measly decimal points back of the Sox.

Any break in the luck today would show further changes in the standings tomorrow morning. The Yankees only, of the leading trio, have a game billed for today.

In the National league Cincinnati is scheduled against St. Louis and New York has another at Pittsburgh. Brooklyn not playing.

### REDS GO BACK IN THE LEAD AGAIN

Victory Over Braves Wednesday Give Champs Two Point Margin.

Cincinnati.—The champions won from the Braves on Wednesday, 5 to 3. Scott was hit freely. Fisher was effectively shut out, when two hits and a walk with no one out caused him to be relieved by Lague who got the six men who faced him in order. The victory advanced the Reds to first place by the narrow margin of two points.

**Giants Lose Another**  
 Pittsburgh.—Pittsburgh defeated New York on Wednesday by 4 to 3. The visitors scored all their runs in the fourth inning on four hits. The locals made one run in the first inning and the other three in the fifth on Bancroft's error. Toney relieved Benton in that inning and stopped the scoring.

### Perhaps Your Daily Work Makes You Ill

Many occupations put a heavy strain on the kidneys. The jarring and jolting of trains and street cars, work in strained, unnatural positions, exposure to sudden changes of temperature, the fumes of turpentine, acids, etc., all tend to bring on kidney weakness. If you have daily headache, backache, rheumatic pains, dizzy spells, with annoying kidney irregularities, don't wait use Doan's Kidney Pills. Doan's are praised by workers the world over. Ask your neighbor.

## HARBINGERS

of Autumn

Modes

Word comes from Paris that almost everything is embroidered especially among Frocks.

Suits promise to give unusual prominence to various shades of brown. Blue is also considered good.

Fur on some of the most attractive coats is used in chic band effects instead of solidly.

Style authorities say that the fashionable wardrobe will have to include a coat of the brief sport type.

### Announce the Departure of Summer and the Approach of a New Season

Truly women of fashion are going to have abundant cause for rejoicing this Autumn. Even the most fleeting glance at these authentic Apparel originations will assure you of that. We assembled these particular Wraps, Suits, and frocks because of all the styles, the foremost Creators have designed, they were the most indicative of the trend of the new modes. In them, beautiful soft fabrics and lovely color tones find the best expression and their lines reflect the gracefulness of idealized youth. Come and see them. You'll get a lot of enjoyment and a number of ideas about your Autumn Wardrobe out of a visit to these advance showings.

#### The New Wraps

—Have an air of simple elegance about them that makes an enthusiastic admirer out of every woman who sees them.

#### The New Suits

—Are everything but monotonous. Slender, long lines, clever panels, scallops and fur trimming lend them individuality and charm.

### New Frocks For Which Great Vogue is Predicted

Long sleeves for woolen street frocks; elbow length sleeves for afternoon modes. Such is Fashion's verdict regarding Frocks for Autumn. Effective motifs of soutache braiding and chemise lines are outstanding features. Colors vary, with navy-blue and black well in the lead.

### THE PROFITEERS AND PATRIOTEERS MUST GO

The Anti-Saloon League of Wisconsin has become a mere subsidized agent of Rockefeller and big business. It answers the same purpose as the notorious American Security League. The leaders are for Lenroot and Wilcox. Covertly and cunningly they whisper falsehood and slander against honest men. They violate the spirit, if not the letter, of the corrupt practices act.

The Profiteers and Patrioteers are for Lenroot and Wilcox.

The plain people must unite to clean out these "powers that be." Why throw away your votes on candidates who have no chance to win?

Thompson and Blaine and the whole progressive ticket are against the profiteers and patrioteers. They are fair minded men — they favor your constitutional liberties. They are for the repeal of the Espionage laws.

The fight in the primaries centers between Thompson, Blaine and the rest of the progressive Republican ticket on the one hand and Lenroot and Wilcox representing bad business, on the other hand.

United we cannot fail.

A nomination at the primary on the Republican ticket means an election in November.

Now is the time to make your choice between a government for the people and a government for the profiteers.

Sixty-five per cent of the wealth of this country is owned by two per cent of the people. This is dead wrong. But shall two per cent of the people control our politics as well? Seventy million of our people do not own their homes.

## LABOR DAY PICNIC

AT LITTLE CHUTE

St. John Congregation Making Elaborate Arrangements for Big Event.

Extensive preparations are being made for a Labor Day picnic to be given all day Monday at Little Chute by the congregation of St. John Catholic church of which the Rev. John Sprangren is pastor. The picnic will open a three day bazaar which will close Thursday evening.

Services in St. John church at nine o'clock in the morning will open the festivities. The picnic is to be held in the church lawn. Music will be furnished the entire day by the Little Chute band and in the evening a special concert is to be rendered.

Addresses will be delivered in the afternoon by A. R. MacDonald, Kaukauna, democratic candidate for congress from the Ninth district, and by Attorney L. Hugo Keller, Appleton, who is seeking election as district attorney on the democratic ticket. Mr. MacDonald will go to Little Chute after he concludes his address at Waverly beach where he will speak to Appleton Trades and Labor council.

Races and other contests for men, women and children will be held in the afternoon and prizes will be awarded winners.

A committee is working under the direction of the Rev. Father Sprangren completing arrangements. It will be one of the largest community affairs undertaken by the congregation in several years.

By virtue of a judgment of partition and sale made on the 11th day of Aug., 1920, in the above entitled matter, the subscriber, Sheriff of Outagamie County, will sell at his office in the Court House in the City of Appleton, Outagamie County, Wisconsin, on the 28th day of September, 1920, at 10 o'clock in the forenoon of that day, the real estate directed by said judgment to be sold and therein described as follows:

All of lots 3, 5 and 6 of Section Twenty-nine (29), in Township Twenty-three (23), North of Range Nineteen (19) East, said county, Wisconsin.

## WAR RISK INSURANCE

IS STILL RENEWABLE

Ex-service men who made their last premium payment on war risk insurance in March, 1919 or later, may re-instate without physical examination, according to notice received by the Red Cross Home Service office.

Those whose policies have lapsed for a longer time may still re-instate, but they must secure a physical examination before the application will be considered. The rulings of the bureau still make it easy to take up war risk insurance after it has been dropped.

"Let the Red Cross help you to protect those who are nearest and dearest," said Mrs. B. W. Verwey, executive secretary of the War Risk Insurance Commission, "keeping up this protection, your widow may be. It is well for ex-service men to take a long look ahead."

## BEG PARDON

Through a misunderstanding in an interview with Miss Martha Verwey, deputy clerk of the courts, the impression was given that Miss Verwey is not a supporter of women's suffrage when the exact opposite is the truth. Miss Verwey was one of the hostesses at the instruction meetings held for women voters last Saturday.

## DANCE POSTPONED

The dance which was to be held at Gainer's hall Sept. 8, will be postponed to a later date.

The eggs of a sea fowl are almost conical in form, so that they will only roll in a circle.
